## MUSIC TECHNOLOGY & RESEARCH

**Automatic Piano Fingering Estimation**

Independent capstone research advised by Chris Donahue. Computational modeling of how pianists choose fingerings — machine learning applied to a problem of physical technique and musical phrasing.

**Score-Following Research**

Research assistant to Roger Dannenberg. Built and hand-corrected a performance-to-score aligned dataset for the opera *Felicità*, distinguishing alignment error from notation-inherent ambiguity by ear.

**SATB Harmony Grader & Solver**

Rule-based grading of voice leading, spacing, and chromatic resolution, with a heuristic solver and an interactive interface for classroom use.

## HONORS AND AWARDS

**Finalist (Second Place)**, 2026 Philharmonic Soloist Competition, Carnegie Mellon University School of Music.

**Presser Undergraduate Scholar Award**, Nominee, Carnegie Mellon University School of Music (2026-2027; decision pending)

**Dean's List**, Carnegie Mellon University — Fall 2024, Spring 2025, Fall 2025.

## SKILLS

**Notation & Production:** Finale, MusicXML, Logic Pro, Pro Tools

**Programming:** Python, C, Standard ML; PyTorch, NumPy
